

CORRIGENDUM

In the paper by P.H. Chlup, K.A. Leiper and G.G. Stewart, *Journal of the Institute of Brewing*, 2006, 112, 3–8, the dimensions of the column used for amino acid analysis were incorrectly reported. On page 5, in the second paragraph, the second sentence should read: “The column, a Phenosphere-NEXT 5 μm C18 150 \times 4.6 mm (Phenomenex UK Ltd.), was placed in an oven at 27°C.”
