

Abstracts and Links to Papers of Interest from Other Journals

This section contains links to recent papers, published in a number of Journals considered of interest to our readers.

Journal of the American Society of Brewing Chemists

Volume 66(1), 2008

Links to the full abstracts of these papers can be found at

<http://www.asbcnet.org/Journal/>

Comparison of Foam Quality and the Influence of Hop alpha-Acids and Proteins Using Five Foam Analysis Methods. D. E. Evans, A. Surrel, M. Sheehy, D. C. Stewart, and L. H. Robinson. *JASBC*, Vol. 66(1), 2008, pp. 1-10.

A Comparison of Standard and Nonstandard Measures of Malt Quality. C. A. Henson and S. H. Duke. *JASBC*, Vol. 66(1), 2008, pp. 11-19.

Sensory Evaluation of Beer Enriched with Antioxidant Vitamins. E. Jeney-Nagymate and P. Fodor. *JASBC*, Vol. 66(1), 2008, pp. 20-28.

Evaluation of Indigenous Botswana Sorghum Cultivars with Respect to Their Diastatic Power, alpha-Amylase, beta-Amylase, and Limit Dextrinase Potentials for Malting. R. Letsididi, B. Bulawayo, M. Kebakile, and L. I. Ezeogu. *JASBC*, Vol. 66(1), 2008, pp. 29-36.

Application of Multiplex PCR to the Detection of Beer-Spoilage Bacteria. S. Asano, K. Suzuki, K. Ozaki, H. Kuriyama, H. Yamashita, and Y. Kitagawa. *JASBC*, Vol. 66(1), 2008, pp. 37-42.

Monitoring Spoilage Bacteria and Wild Yeasts in Eastern Chinese Breweries. J. Lin, Y. Cao, J. Sun, and J. Lu. *JASBC*, Vol. 66(1), 2008, pp. 43-47.

On the Mechanisms of Adsorbent Interactions with Haze-Active Proteins and Polyphenols. K. J. Siebert and P. Y. Lynn. *JASBC*, Vol. 66(1), 2008, pp. 48-54.

Master Brewers Association of the Americas Technical Quarterly

Volume 45(1), 2008

Links to the full abstracts of these papers can be found at

<http://www.mbaa.com/TechQuarterly/>

Correlation Between Fineness of Malt Grist and Particle Size and Conversion During the Mashing and Filtration Process. Dipl.-Ing. Johannes Tippmann, Dr.-Ing. Jens Voigt, and Prof. Dr.-Ing. Karl Sommer. *MBAA TQ* Vol. 45(1), 2008, pp. 8-12.

Analysis of the First Large-Scale Testing of Craft Beer. Christopher White. *MBAA TQ* Vol. 45(1), 2008, pp. 13-16.

Olive Oil Addition to Yeast as an Alternative to Wort Aeration. Grady Hull. *MBAA TQ* Vol. 45(1), 2008, pp. 17-23.

World-Class Manufacturing—A Balancing Act. J. Rod McLeod. *MBAA TQ* Vol. 45(1), 2008, pp. 24-31.

Reducing Potential Quality Problems While Improving Pasteurizer Service Life. Jack Bland and Jeff Tito. *MBAA TQ* Vol. 45(1), 2008, pp. 32-38.

Loss of Carbon Dioxide and Oxygen Buildup in Process Vessels Caused by Circulation of Cleaning-in-Place Solution. George Agius. *MBAA TQ* Vol. 45(1), 2008, pp. 39-42.
